The mooring fees for boat on transit upto 4 weeks includes the water (200 L) and electricity (5A)

The arrival of the boat should be declared in the harbor office by the responsible of the vessel. Any extension of the stay should be reported immediately to the port office.

Any occupant of a mooring is required to behave as the Port regulations and instructions (displayed in the harbour office).

The yearly contract is due to be paid in two semesters within one month from the day of the invoice. If the payment is not done within this period the annual fee will be considered as zero and the fee will be recalculated according to the daily fee.

The fee relevant to any catamaran correspond to the tarif noticed for the mooring needed in length, multiplied by 1,5% (increased by 50 %).
